About Us

Since 1985, Rose of Sharon Services for Young Mothers has provided free supportive programs and educational services to pregnant and parenting youth while they build greater stability in the lives of their children. Our programs empower young mothers to embrace their strengths, continue high school, build parenting skills, increase child development knowledge, receive personal counselling and have access to food and practical supports needed to raise a healthy family. Offered online and on-site in a welcoming, safe and inclusive space - youth parents set goals and work toward building the future they envision for themselves and their children. 100% of the free programs and services that we offer are funded thanks to program funders, community support and special events like our **Charity Golf Classic**. 

- ✓ Supporting **300** young mothers and their families annually.
- ✓ Providing on-site high school with childminding, transportation assistance, healthy meals, and tutor support.
- ✓ **150** marginalized families receive monthly Family Care Package.
- ✓ **175** families in need receive community-sponsored Family Holiday baskets.
